Dear Resident,

Construction of the Ohkay Owingeh Phase III Waterline project has resumed as of April 21, 2020. The contractor (TLC Plumbing and Utility) and Construction Management and Inspection firm (Anchor Engineering) have implemented new procedures and precautions to comply with COVID-19 restrictions to ensure the health and safety of all workers and tribal members. Social distancing and small groups of 6 or less will be maintained during the progress of construction.

A two-week look-ahead schedule will be posted electronically and kept up to date for your information. We ask that you check the Ohkay Owingeh website frequently to stay informed on when construction will be in your area.

For the week of April 20, 2020 to April 23, 2020  
Waterline installation will continue on Fish Pond Lane west of Popay Avenue. Work on Fish Pond will be near completion.

For the week of April 27, 2020 to April 30, 2020  
Waterline crossings on White Swan Road will be installed.

For the week of May 4, 2020 to May 7, 2020  
Waterline Tie-ins will be completed on NM 74. Waterline installation will continue on White Swan Road.

Thank You for your patience during this construction project!

Ohkay Owingeh Planning Department
