Ohkay Owingeh Tribal Members,

Voting registration deadline for the upcoming General Election is Tuesday, October 6, 2020

Voting is a privilege afforded by those who come and fought for the right. Did you know that Native Americans were one of the last groups to win the right to vote? The Snyder Act of 1924 finally admitted Native Americans born in the U.S. to full U.S. Citizenship, however that did not grant us the right to vote until amended by each State. Guess which state was the last to ratify the right for Native Americans to vote. (hint: New Mexico)

Tribal Administrations wants everyone to exercise the right to vote. If you are over 18 during the November 3rd election you have duty to vote.

Do not give up so easily on what our ancestors fought so hard for.
