POPAY MESSENGER – NOTICE OF LIMITED OPERATIONS

The PoPay Messenger Program will be operating but with limited services.

Due to the public health order issued on November 13, 2020 by Governor Michelle Lujan-Grishm, transportation services provided by the PoPay Messenger Service will be limited to essential needs only. Essential needs include medical appointments (if patrons are not sick), grocery shopping, banking, bill paying, and prescription drop-off/pick up.

Hours of operation will be from 9:00am to 3:00pm. The staff will be cleaning vehicles after each transport. The staff will additionally be cleaning and sanitizing every morning and every afternoon.

Please be advised that the Santa Clara clinic is currently closed; we will keep patrons updated on this closure.

We will continue to limit passengers to two per vehicle. Riders are required to continue to wear a mask and have temperatures checked prior to transporting.

PoPay Messenger will continue with breakfast and lunch deliveries for our Tribal students throughout the Pandemic.

Thank you for your continued support and cooperation. Please call us at 505-852-4014 if you have any questions!
